# WHY OUT AND ABOUT CAMPERS?

## WE BELIEVE THAT FREEDOM IS A CHOICE.

And few choices feel as freeing as having a purpose for adventure, the open road ahead and a campervan that's built to take you exactly where you want to go.

Out and About Campers was born from years of real-world travel. As outdoor sports enthusiasts, we've explored some of the most breathtaking landscapes in our own campervans, and that lived experience shapes everything we do.

Our mission is simple: to make freedom and adventure not just possible, but effortless.

As a family-run business based in the heart of Sussex, we pride ourselves on doing things properly - no pressure, no gimmicks, just beautifully hand-crafted campervans and a team who genuinely care about helping you find your version of freedom.

This guide is here to help you discover the right campervan for your journey. And that journey can begin in more than one way.

You might choose one of our brand-new, pre-converted campervans, designed and built by us and ready to drive away. You may decide to convert a van from the bare base vehicle, choosing one of our signature designs and customising your colours, finishes and upholstery. Or you might find your perfect match in the *Odyssey Collection*, our signature range of handpicked, approved-used luxury campervans that prove second-hand can still feel extraordinary.

You'll find the same attention to detail, quality of workmanship and passion for adventure running through every campervan that we offer.

Whether you're setting out on your very first adventure or continuing a story that's already begun, **you've come to the right place.**

# CONVERT A CAMPERVAN

Select one of our tried-and-tested signature layouts, expertly developed for comfort, practicality and life on the road. Personalise the finer details, from colours and finishes to upholstery and selected upgrades, to create a campervan that reflects your individual style.

# STEP ONE

## CHOOSE YOUR BASE VEHICLE

The first step in your campervan conversion journey is choosing the right base vehicle.

We have a range of base vehicles to choose from, or we can help source particular specifications. If you're unsure, our team are on hand to offer invaluable advice.

Here are the current models available to convert into your dream campervan.

## **VW TRANSPORTER**

(2016 MODELS ONWARDS, SWB/LWB)

- Medium sized campervan
- Four berth (four or five seater)
- ULEZ compliant from 2016 onwards
- Available in a short and long wheelbase
- Great vehicle to use as a daily driver
- Various models to choose from
- VW heritage and great residual value
- New and used vehicles available

## **FORD TRANSIT CUSTOM**

(2024 MODELS ONWARDS, SWB/LWB)

- Medium sized campervan
- Four berth (four or five seater)
- ULEZ compliant
- Available in a short and long wheelbase
- Hybrid models available (late 2024 onwards)
- Great vehicle to use as a daily driver
- Latest vehicle technology
- International van of the year 2024

## **VW CRAFTER OR MAN TGE**

(2017 MODELS ONWARDS, MWB)

- Larger sized campervan
- Two or four berth options
- Under 6m in length
- Available in medium wheelbase
- Latest vehicle technology
- New and used vehicles available
- Built in shower room and toilet
- Ideal for longer off-grid adventures

## STEP TWO

# CHOOSE YOUR DESIGN

We offer a carefully considered range of campervan designs to suit different lifestyles and adventures. To explore the full selection of layouts and specifications currently available, please refer to our [supplementary model documents](#).

Whichever design you choose, every Out and About Camper is built with adventure at its core. In our opinion, the quality of our campervans is second to none, and we take great pride in that.

From timeless, classic interiors to clean, contemporary finishes, every kitchen is crafted using the highest-quality materials and fitted with market-leading appliances and hardware. Our RIB beds, pop-tops and swivel seats are M1 crash tested, and our electrical systems are tested and certified to meet ISO 9001 standards.

Every new campervan leaving our workshop is fully MOT compliant and comes with a minimum 12-month parts and labour warranty. We also include a free one-year habitation check, allowing you to extend your camper warranty for a second year.

SUMMIT

**FUJI**

ALPINE

**ALPINE TOURER**

# SIERRA DAY VAN

**SIERRA REAR KITCHEN POD**

The Fiamma F45S is a wind-out awning with extending arms and drop down legs which fold within its own awning case. A great way to rapidly set up a simple canopy offering sun shade or rain shelter over a large area next to your campervan.

With the ability to carry up to four adult sized bikes, a bike rack is perfect when travelling with friends or family. Designed to work around you, the holder does not prohibit the opening of the tailgate, and allows the van to be used as normal when the bikes are removed.

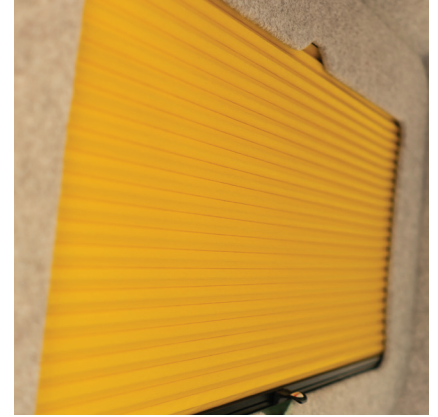

From spoilers to splitters, perhaps even some side bars. Making your camper stand out with some exterior styling packages is all achievable. Now it's up to you to decide how bold you want to be! Will it be that sportier look, or perhaps a swamper style?

**CHOOSE YOUR  
EXTRAS**

## STEP THREE

By far one of our favourites! 'Vanshades' bring an element of class to your conversion. A tasteful alternative to curtains, these shades achieve a flawless modern finish to your custom interior, whilst offering blackout and thermal qualities.

Planning going off grid without moving for prolonged periods of time? Perhaps a solar panel might be in order. With battery technology ever improving, a single sunny day can fully recharge the leisure battery as well as power all your electrical devices.

Another one of our favourites! A diesel heater will allow you to comfortably use your lovely new camper domestically far more often, even when it's colder outside! They are also very efficient so you won't have to worry about running out of fuel anytime soon.

# STEP FOUR

## THE BUILD

The build, our favourite part! This is where we come in to our own. Think precision German engineering meets British craftsmanship, you wont find any rattles, creaks or gaps here.

From the CNC machined furniture, to the last hand wound screw, we take pride in every last fitting. We work to millimetre tolerances and operate a strict quality control process.

We know this is a big investment, that's why we build our campervans to stand the test of time (and crucially, whatever adventures you throw at it).

All of our campervans are built here in our factory in Sussex, so we can take full control of the design and manufacturing process.

# PURCHASE OUR STOCK

Our pre-converted stock campervans are designed, built and finished by us, then made available ready to drive away. These campervans offer the quickest route to the open road - without compromising on quality, comfort or style. Just choose your camper, pack your bags, and go!

BRAND NEW.  
READY TO DRIVE AWAY.  
**BUILT FOR ADVENTURE.**

# PURCHASE OUR STOCK

If you're looking for a campervan that's ready to hit the road, our stock vehicles are the perfect choice. These are brand-new or nearly-new, low-mile vehicles, expertly converted by us and available to drive away immediately, with all the quality and functionality you'd expect from a premium build.

Each stock campervan combines the reliability of a brand-new base vehicle with thoughtful design and practical features, so you can spend less time waiting and more time exploring.

Every stock campervan includes:

A fully fitted interior with quality materials and market-leading appliances, designed for comfort and longevity on the road.

A layout that balances practicality with style, offering everything you need for weekend escapes or extended adventures.

Modern base vehicle standards with delivery mileage only, meaning you own a camper that's essentially as new and ready for miles of memories.

Take the stress out of buying and start your adventure sooner. Our stock campervans are fully MOT-compliant and built to the same exacting standards we apply to every conversion, so you can feel confident driving away in a vehicle that's as reliable as it is beautiful.

# ODYSSEY COLLECTION

The *Odyssey Collection* is our signature range of handpicked, approved-used luxury campervans, chosen for their quality, character and potential for adventure. Carefully sourced, thoroughly inspected and beautifully prepared, each *Odyssey* campervan is ready to begin its next chapter with confidence and comfort.

# ODYSSEY COLLECTION

The *Odyssey Collection* is our sale-or-return programme, offering a hand-picked selection of approved-used luxury campervans, including vehicles previously owned by Out and About Campers customers.

Each campervan is carefully chosen and thoroughly inspected by our team to meet the same high standards we apply to our brand-new conversions. These are campervans with character, quality, a story to tell and ready to deliver unforgettable adventures at exceptional value.

Every *Odyssey* campervan is road-ready, backed by warranty and after-care, and available to drive away with complete confidence.

## HOW IT WORKS

- 1 BROWSE THE COLLECTION**  
View our *Odyssey* listings online or visit us in person at our showroom.
- 2 STEP INSIDE THE CAMPERVAN**  
Inspect every detail to make sure it's the right fit for you.
- 3 CHOOSE HOW YOU BUY**  
Purchase outright or take advantage of third-party flexible finance options.
- 4 DRIVE AWAY WITH CONFIDENCE**  
We'll take you through everything you need to know about your campervan.
- 5 START THE NEXT CHAPTER**  
It's time to enjoy the journey and create your own adventures!

However your journey begins - whether you choose a brand-new conversion, a campervan from our available stock, or an approved-used Odyssey campervan - they're all designed to go wherever your adventures take you.

If you're off to explore the North Coast of Scotland, or on your way down to warmer shores in the Mediterranean, your new camper will be there for you every step of the way. Time to embrace the newest member of your family!

Slow down, explore freely and enjoy the comfort, quality and care built into every **Out and About Camper.**

This is what life on the road is all about...

**ENJOY!**

# CLUB OAAC

Created exclusively for Out and About Campers owners, Club OAAC brings together like-minded adventurers in one place to share experiences, ideas and inspiration from life on the road.

Club OAAC lives online in our private Facebook group, where members connect over everything camper-related. It's a space shaped by real journeys and experience.
